ROOSEVELT TAKES OATH OF OFFICE

Four Thousand People Listen To Inaugural Address.

THE WEATHER WAS PERFECT

Patriotic Crowds Throng the Line of President's Return to White House. Washington Aflame With Decorations.

Washington, March 6.—Theodore Roosevelt, of New York, and Charles Warren Fairbanks, of Indiana, today were inaugurated respectively president and vice president of the United States. A few months ago theirs were the names to conjure with in one of the most noteworthy campaigns in the history of American politics. They were elected with the greatest popular acclaim ever accorded candidates by the electorate of this republic. Today their names, again on every lip, the

ROOSEVELT AND FAIRBANKS.

verdict of the American people rendered on Nov. 8, was confirmed in the presence of such a throng as the national capital rarely has witnessed, and with a setting of brilliant pageantry.

The inauguration of President Roosevelt was made a festal ceremony in Washington. The city is a symphony of color. A blaze of decoration greets the eye at every turn. From every staff the national ensign breaks to the gentle breeze great buildings are enfolded in the soft embrace of the Stars and Stripes, and entire blocks are a mass of patriotic color. Above the white dome of the capitol float immense American flags, and from the topmost point of the graceful granite shaft erected in memory of the first president springs a single American emblem, a vivid splash of red, white and blue against the sky.

The president and his escort started from the White House for the capitol promptly at 10 o'clock.

At 10.46 a. m. the president and vice president-elect arrived at the capitol.

At 10:52 a. m. the president went dirgectly to his room in the senate wing and began signing bills that had been passed.

Fairbanks Takes Oath.

The ceremony was coldly formal, but impressive. After an expectant hush the oath of office was administered to Vice President Fairbanks by Senator Frye, of Maine, president pro tempore. The new vice president delivered his inaugural address.

He then administered the oath of office to the senators-elect and with a tap of his gavel the fifty-eighth congres came to a close.

President Roosevelt Takes Oath.

Meantime the people left the galleries and went in procession to the east front of the capitol, where the inauguration of President Roosevelt took place. From the stand on looking down upon 40,000 upturned faces—a mass of humanity almost covering the broad plaza and like a slight swell on the ocean in a calm, swaying gently back and forth with no disarrangement of its individual particles. Finally those on the stand were seated. There was a pause and then a mighty cheer bursting from the concourse as the president appeared on the stand. He acknowledged the ovation with dignified courtesy. The cheering then ceased as Chief Justice Fuller, his silvered hair falling over his silk and ermine robe, stepped upon the dais. He held in his hand a Bible.

Mr. Roosevelt stood opposite him, alert but composed. The president solmenly repeated the oath, after the chief justice and then stooped and kissed the book. As he lifted his head he flashed one glance toward Mrs. Roosevelt and then faced the great multitude. Again that thrilling, soul-stirring shout went up. Then the crowd pressed yet closer to heal the inaugural address. In a little while President Roosevelt was in the avenue turning to the White House. His carriage was surrounded by his faithful Rough Riders and his way was cleared by the brilliant squadron "A." The president stood in the carriage much of the time bowing right and left in acknowledgment of the gracious enthusiasm which his appearance aroused. He returned to the White House and after a light luncheon reviewed, surrounded by his family, his personal friends, his cabinet and hundreds of distinguished visitors, the magnificent parade formed in his honor.

President's Inaugural Address.

My Fellow Citizens: No people on earth have more cause to be thankful than ours, and this is said reverently, in no spirit of boastfulness in our own strength, but with gratitude to the Giver of Good, who has blessed us with conditions which have enabled us to achieve so large a measure of well-being and of happiness. To us as a people it has been granted to lay the foundations of our national life in a new continent. We are the heirs of the ages, and yet we have had to pay few of the penalties which in old countries are exacted by the dead hand of by-gone civilization. We have not been obliged to fight for our existence against any alien race; and yet our life has called for the vigor and effort without which the manlier and hardier virtues wither way. Under such conditions it would be our own fault if we failed; and the success which we have had in the past, the success which we confidently believe the furure will bring, should cause in us no feeling of vain-glory, but rather a deep and abiding realization of all which life has offered us; a full acknowledgment of the responsibility which is ours; and a fixed determination to show that under a free government a mighty people can thrive best, alike as regards the things of the body and the things of the soul.

Much has been given to us, and much will rightly be expected from us. We have duties to others and duties to ourselves—and we can shirk neither. We have become a great nation, forced by the fact of its greatness into relations with the other nations of the earth; and we must behave as becomes a people with such responsibilities. Toward all other nations, large and small, our attitude must be one of cordial and sincere friendship. We must show not only in our words but in our deeds, that we are earnestly desirous of securing their good will by acting toward them in a spirit of just and generous recognition of all their rights. But justice and generosity in a nation, as in an individual, count most when shown not by the weak, but by the strong. While ever careful to refrain from the wrong-doing others, we must be no less insistent that we are not wronged ourselves. We wish peace; but we wish the peace of justice, the peace of righteousness. We wish it because we think it is right and not because we are afraid. No weak nation that act rightly and justly should ever have cause to fear us, and no strong power should ever be able to single us out as a subject for insolent aggression.

Our relations with the other powers of the world are important; but still more important are our relations among ourselves. Such growth in wealth, in population, and in power as this nation has seen during the century and a quarter of its national life is inevitably accompanied by a like growth in the problems which are ever before every nation that rises to greatness. Power invariably means both responsibility and danger. Our forefather faced certain perils which we have outgrown. We now face other perils the very existence of which it was impossible that they should foresee. Modern life is both complex and intense, and the tremendous changes wrought by the extraordinary industrial development of the half century are felt in every fiber of our social and political being. Never before

JAPANESE SOLDIERS ENTERING MUKDEN

Mikado's Army Break Through Russian Defenses.

CZAR'S SOLDIERS MEET DEFEAT

General Kuropatkin Seems Utterly at the Mercy of the Japs—The Russians Fear that Their Railroad Communications Will Be Cut Off.

Berlin, March 6.—A dispatch to the Tagblatt from St. Petersburg, says:

General Kuropatkin in a telegram which arrived here at 7 o'clock last evening said 260,000 Japanese had broken through the Russian left wing and that it was cut off from the remainder of the army.

At 10 o'clock came another dispatch from General Kuropatkin which read: "The Japanese are marching on Mukden. My position is extremely dangerous."

In government circles here today there is a conviction that Kuropatkin has been fully beaten, that part of his army has been dispersed and that the railroad north of Mukden will probably be cut.

From Kuroki's Headquarters.

General Kuroki's Headquarters in the Field, via Fusan, Friday, March 3.—The hotly contested engagement waged since midnight across the Shahe river from Witosan is still proceeding late this afternoon under conditions entailing great hardships upon the attacking force and favoring those defending the entrenchments. A large Japanese contingent which crossed the plain directly west of Witosan in the darkness succeeded in gaining the first line of the Russian trenches to the great astonishment of the Russians.

The Russians have since been making a fierce resistance in the second line of trenches on the summits of the foothills and the spanese are attacking them spiritedly. The attack was bitterly contested. The weather today is colder and there is a film of ice. The continued flurries of snow handicap the gunners.

The Russian artillery kept up a heavy fire on the Japanese guns most of the day and also fired shrapnel at the attacking forces. The spanese are gathered on the slopes so close to the Russian trenches that in some places their artillery cannot give the best support. The Russians have largely abandoned their method of volley firing.

It is believed the Japanese will succeed.

Tokio, March 4, 4 p. m.—It was announced today from the headquarters of the Japanese in Manchuria that the fighting on the right, the center and the left is resulting in steady Japanese gains.

The Japanese, it is added, have defeated the Russians at Sinmintin.

Another British Ship Captured.

Tokio, March 4, 3:30 p. m.—The British steamer Easby Abbey from Cardiff, bound for Vladivostok, was seized by the Japanese guardships on February 27.

The Easby Abbey is a steel screw steamer, 2,961 tons register, built at Stockton, Eng., in 1892. She is owned by Pyman Watson & Co., of Cardiff Eng.

The whereabouts of the American steamer Tacoma is still uncertain. It is reported that the crew which is said to have left the ship in the ice north of the island of Hokkaido, Feb 15, ave communicated with the owners of the vessel, filing a cablegram at a northern port of Hokkaido.

Japs Land in North Korea.

Vladivostok, March 6.—Two thou the attacking forces. The Japanese Shengudshin, northward of Korea, to which place they were conveyed by steamers from warships. A flotilla of torpedo boats covered the landing.

Losses Reported at 70,000.

St. Petersburg, March 4.—5 p. m.—The battle raging at the front has assumed enormous proportions. Already one of the Associated Press Russian correspondents places the Russian losses at 30,000 men, and those of the Japanese at 40,000.

It is added that the attempt to draw a net around General Kuropatkin has not yet succeeded, but it is said that the Japanese from Sinmintin are attempting to, by forced marches, to cut the Russian line of communications.

General Kuroki, according to the latest reports, is stalled by the Russian left, but the Russian center is yielding slowly before the Japanese onslaughts.

On Thursday Field Marshal Oyama shifted the weight of his left seeking to envelop the Russian right, 8 miles southwest of Mukden. In the bloody hand-to-hand fighting which followed and continued for hours, the losses on both sides were enormous. But the most serious news is the report that the Japanese flanking column at Sinmintin, about 30 miles west of Mukden, has divided, part of it moving straight east to roll up the Russian right wing, while the other is making forced marches north with the evident purpose of cutting the Russian line of communications with Tie pass and the operation prove successful, the closing the line of retreat. Should Russian army might be surrounded.

TWO KILLED; FOUR INJURED.

Boiler of Saw Mill Explodes and Fatalities Result.

Knoxville, Tenn., March6.—A special to the Sentinel from Jellico says:

Two men were instantly killed and four seriously and perhaps fatally injured in a boiler explosion at Robert Mulholland's saw mill, ten miles southeast of this place yesterday.

The dead:

Bert Batson, aged 35, whose body was blown 100 yards and one leg and an arm were torn from the trunk.

S. B. Brooks, aged 21, was blown such a distance that his body has not yet been found early this morning. Fragments of his clothing were scattered for a distance of 200 yards.

The injured are Henry Foster, aged 16; James Langley, aged 30; John Wilson, aged 61, of Newcomb, Tenn.

The accident is said to have been caused by turning the cold water into the hot boiler, which, it is said, probably was nearly empty.

TRIED TO SWALLOW EVIDENCE.

New York Man Nearly Chokes to Death in a Pool Room Raid.

New York, March 6.—In his anxiety to swallow alleged incriminating evidence during a raid in Brooklyn, Hugh Winters, the reputed president of a pool room, nearly choked to death. His life was saved by the prompt action of an ambulance surgeon.

When the obstruction was removed from Winter's throat the instrument was found to be part of a racing sheet.

Winters and ten other men found in the place were arrested, but released on bail. The alleged pool room was in the rear of a saloon. When th epolice broke in about 50 men bolted through doors and windows before they could be halted.

Winters was found in a corner of the room coughing and choking and in convulsions. In his hand he held a part of a torn racing card. He was purple in the face and frothing at the mouth. An ambulance was quickly summoned with the result noted. The scrap removed from the prisoner's throat was carefully preserved as evidence by the police.

ACTRESS MAY GET FREEDOM.

Unless Nan Patterson is Tried by May 1 She Will Be Bailed.

New York, March 6.—Nan Patterson, the show girl, who has once been tried on the charge of murdering Caesar Young, must be given another trial by May 1 or be released on bail. A decision to that effect was given today by Justice Gaynor of the New York state supreme court in Brooklyn on an application of Miss Patterson's counsel for a writ of habeas corpus and review of her case on the ground that she had been denied her constitutional rights to a prompt trial. The justice said:

"The woman is, of course, entitled to a speedy trial. She has been tried, the jury disagreeing, six to six. It seems to be doubtful if the district attorney moves her trial again. Unless he does so before May 1 next, let her be discharged on bail.

SEVEN ARE KILLED IN RAILROAD WRECK

Trains Carrying Troops to Inauguration Collide.

FORTY REPORTED TO BE INJURED

First Train Was Stopped by a Hot Box and Before the Second Section Could Be Flagged It Dashed Into the Front Train.

Philadelphia, March 6.—After the most searching investigation is is now practically certain that the deaths caused by a collision last night between the two special trains from Cleveland, on the Pensylvania railroad, at Clifton station, will not exceed seven.

Some of the soldiers says a number of their comrades are still under the wreckage, but all seem to have been accounted for. The following is a revised list of the dead:

Lieutenant Donaldson C. Schofield, of company D, a Cleveland architect.

Captain William R. Henry, battalion surgeon and a prominent Cleveland physician.

Corporal James Kehoe, company C, of Cleveland.

Private R. H. Held, company C.

Frank Pinney, aged 10, son of Lieutenant O. C. Pinney, of company C.

—— Dode, Pullman car conductor, of Chicago.

Private Richard Buenger, company C, of Chicago.

Early reports had one woman among the dead. This proved to be a mistake.

The list of injured will reach 40, six or seven of whom are likely to die. All are being cared for at the several hospitals.

Both trains left Cleveland about noon Friday and were making a good run to Washington. The first train consisted of a baggage and six Pullmans. Just after the train had passed through the Conway yard it had to be stopped on account of a hot box. The box was cooled off, but three other stops were necessary by the time Sewickley had been reached. These delays allowed the second section to catch up, and after passing Sewickley, the trains were runing about one block apart.

At Clifton the first train was again stopped by the hot box. The trainmen say Fagman John Murray was sent back as an extra precaution to stop the train following in case it had passed the last set of signals.

Murray had hardly left the train when the second section, running 50 miles an hour, turned a slight bend at this point. Engineer Nicholas Long of the second train, said the block he passed showed green but when he saw Flagman Murray he applied the air brakes. It was too late.

The heavy train sped on over the slippery rails and crashed into the reach coach of the first train. So great was the speed that the engine plowed clean through the heavy observation car, splitting it in two and jamming the trucks against the second coach. The baggage car and first coach on the second train were thrown from the tracks.

The work of rescue commenced at once. Alongside the tracks where they had been thrown from the car lay dead and injured.

Hardly had the work of rescue started when flames broke out in the wreckage. After the fire had been brought under control the wreckage crew with their derrick began the work of searching the debris for more victims.

The charred coaches were pulled apart, every piece being thrown into the river.

In the pile of smouldering timbers which lay against the front of the wrecked engine they found three bodies jammed tightly together. Only one of them was identified for some time. That was the body of Frank Pinney, the 10-year-old boy.

New Tunnel Now Ready.

Knoxville, Tenn., March 6.—Friday morning the first train went through the Dossett tunnel, on the Louisville and Nashville, between Knoxville and Jellico.

A FEAST OF GOOD THINGS ENJOYED

By All Who Attended the Chautauqua Exercises.

SERMON, LECTURE, MUSIC

Entertainment for the Masses—Brilliant Address by Dr. Blackstone—Scholarly Lecture by Rev. C. L. Herald—Music, Recitations and Poems.

The Tabernacle was closed until 5 p. m. on Sunday, when Rev. Dr. Strouse conducted the vesper service, and there was a very fine audience in attendance.

In the evening at 8 o'clock the grand old man, Dr. Blackstone, delivered a profound address on "England's National Sin," taking the evils of the opium habit in India, practiced with the full knowledge of the British government and not the slightest effort made to prevent the destruction of her subjects through this pernicious habit. The thorough knowledge of this eminent divine with his subject commanded the attention of his hearers to every word of his instructive account of this revolting practice, which is debauching these benighted people.

The lecture at the Tabernacle Monday at 2:30 p. m. was one of the best so far delivered at the Chautauqua. The topic in the printed program was changed to "Thought and Culture," and the lecturer, Rev. Chas. L. Herald of Jackson, Ohio, showed by his arguments his mastering of the subject. In speaking of culture, the reverend gentleman was of the opinion that it was not wholly confined to Boston, and that he had met culture in Baltimore, New York and Philadelphia.

His illustration of wealth without culture was forceful, and his explanation of the injury of beauty brought on by evil thoughts was very strongly portrayed in his story of Lenardo's wonderful painting of the Christ with the Madonna when he selected the face of a beautiful boy in a church choir. In later years he desired a face to represent Judas, who betrayed Christ, and went to a prison, where he found his subject. Afterward it was discovered that the two faces were the same. Evil thoughts in the intervening years had wrought the change.

He closed with a beautiful illustration of the ideals, and said that the one ideal he had chosen was the Christ. "I want to be good," he said, "and I look to Christ, the Nazarine, for all my goodness. He is my ideal."

Evening Program.

The evening program had an array of talent that was highly entertaining, Miss Marietta La Dell in dramatic readings and W. A. (Bill) Bone in poetical readings. Both of these artists acquitted themselves with credit.

The musical specialties of McClean & Shelton, the originators of the famous musical novelty, the "Acquarian Chimes," making music—sweet music emanate from bottles. They also rendered harp, mandolin and guitar solos, and a piccolo solo by Mr. McClean and cornet solo by A. V. Shelton were both very fine.

Today's Program.

Owing to the indisposition of Dr. Blackstone, the Bible lecture at 10:30 a. m. will be omitted as it was yesterday morning.

At 2:30 p. m. will be heard Mr. W. A. Bone in poems, humorous and pathetic, some of them his own productions, and readings by Mrs. La Dell.

At 7:30 p. m. the Novelty Musical Company will give another of their fine programs, and 8 p. m., lecture, "Life on a Man-of-War," by Rev. Chas. Laing Herald. This will be one of the best of the Chautauqua.

No Paupers in Japan.

With all our high wages and boasted civilization the fact remains that you will see more wretchedly poor in any of our great cities in a day than you will see in Japan in a lifetime. In other words, you will see no destitution in Japan. Though some are very poor, yet all seem to be well fed, clothed and housed and are invariably cheerful and, what is more surprising, invariably clean. There are no paupers in Japan and therefore no workhouses or poorhouses, though there are many hospitals where the sick are healed gratuitously. Practically every one can earn a living. Would that we could say the same!—Pall Mall Gazette.

PURE BLOOD

NECESSARY TO HEALTH.

Druggist W. M. Johnson Guarantees Vinol to Make Pure, Rich, Red Blood.

"We see every day on our streets many people whose faces plainly show impure and impoverished blood. We want everybody to know that Vinol is a splendid blood purifier and blood maker," said Mr. Johnson.

"Vinol is the best preparation we ever sold in our store to make pure, rich, red blood, because it contains in a highly concentrated form all of the medicinal, body building elements of cod liver oil, but without a drop of oil or grease to upset the stomach.

"Vinol tones up and strengthens the nerves of the stomach and enables it to obtain from the food eaten the necessary elements to create pure, rich, red blood, and in this way every organ in the body is strenthened and invigorated, and the skin is cleared from all disfiguring eruptions."

Mr. F. W. Bean of Wilmington, Del., writes: "I suffered for months with poor blood, loss of flesh and strength. My physicians prescribed different remedies, none of which helped me. I was discouraged when a friend asked me to try Vinol. I did so, and never saw anything like it; it purified and enriched my blood, increased my appetite, and I look and feel like a different man."

We guarantee Vinol will purify and enrich the blood, create strength and build up every run-down person in Gainesville or stand ready to return the money in every case where it fails. W. M. Johnson, druggist.

CZAR TO CONVENE ASSEMBLY.

Official Newspaper of Russia Regards This "Russia's Happiest Hour."

St. Petersburg, March 6.—The imperial rescript announcing that Emperor Nicholas has decided to convene an assembly of elected representatives of the people to elaborate and consider legislation, has produced a wonderful impression.

The war and the battle below Mukden are forgotten.

The rescript is hailed by many as a second emancipation proclamation on the anniversary of the first, the Novoe Vremya charactizing it as Russia's happiest hour. The Liberals are amazed, and in the flush of enthusiasm are reading it as a recognition of the elective principle, and the complete surrender of autocracy, but discriminating people, while regarding it as a great victory, realize that all will depend on the manner in which the reform is carried out.

Attempt to Kill Millionaire.

Warsaw, March 4—4:58 p. m.—A telegram from Lodz says a bomb was exploded today in the mansion of M. Pozenanski, a millionaire cotton manufacturer, and one servant was killed. M. Pozenanski's employes went out on strike yesterday.

The bomb exploded in the hand of the house porter, who is supposed to have been examining it. The porter was blown to pieces. Two other of the deadly bombs and incriminating correspondence were found in the porter's apartmets.

The police believe the bombs were intended to kill M. Posenanski. It is reported that the police have arrested and incarcerated in the citadel all the strike leaders, a total of 39 men.

The Change of a Name.

How family names change in the course of many years is illustrated by the conversion of "Boteville" into "Thynne." An English deed bearing date in the closing days of the fifteenth century shows three brothers then flourishing—John Boteville of Boteville and Thomas and William Boteville. The trio are distinguished from all other Botevilles by the explanation "of the Inne," or family residence, the title to which had come to their joint possession. John's grandson was known as Ralph Boteville-of-the-Inne, from which the transition to Ralph Thynne is easy. His descendants have been Thynnes ever since.

A SABBATH MARRIAGE.

C. W. Campbell and Miss Myra Smith Were Happily Wedded.

There was a happy wedding at 500 East Lassiter street Sunday afternoon at 3 o'clock, the contracting parties being C. W. Campbell of Paradise and Miss Myra, the accomplished daughter of Mrs. Mary A. Smith.

The ceremony was performed at the home of the bride's mother and was a quiet affair, only members of the family and a few most intimate friends being present. Rev. Thomas P. Hay of the First Presbyterian Church officiated.

The groom is a member of the firm of J. B. Padgett & Co., extensive naval stores operators, Paradise, and is regarded as one of the best young men in the county. The bride has a large circle of friends, by whom she is greatly admired.

Mr. and Mrs. Campbell departed immediately after the ceremony for Paradise, where they will make their future home. The Sun extends congratulations.

Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by all druggists.

BOARD OF TRADE WANTS NEW BUREAU

This Was the Sense at a Special Meeting Held Monday.

WILL ASK AID OF THE STATE

Legislature in Creating an Immigration Bureau and Make Appropriation for the Sustenance of Such Bureau.

There was an interesting special meeting of the Gainesville Board of Trade Monday morning, which was called for the purpose of discussing the matter of the establishing of a State Bureau of Immigration at some point in Florida, with the result that the following resolution was passed:

The Resolution.

"This Board, realizing the immediate necessity for a State Bureau of Immigration, a separate and distinct institution conducted on practical business lines, with location at some central point, where Florida homeseekers and investors may obtain information of an official nature relative to the State, its pleasures and health resorts, transportation facilities, industrial opportunities, health and other statistics, lands and general resources, hereby declares itself in favor of the creation of such a bureau by the Florida Legislature, which convenes in April next, and an appropriation of money sufficient to equip and maintain such bureau in a manner befitting the dignity of the State of Florida and the requirements of the situation."

A SAD DEATH.

Mrs. Bradshaw, Ninety-Five Years of Age, Died at High Springs.

Mrs. Quintine Bradshaw, one of the oldest and most highly respected residents of High Springs, died at her home in that city Monday of the past week.

Deceased was in her ninety-fifth year at the time of her death and had been in poor health for some time, hence the death, while sad, was not unexpected. She was a noble Christian lady and in her active life accomplished a great deal of good.

Mrs. Bradshaw is survived by five daughters, Mesdames C. G. McKinney, W. W. Stroble, Mary Downing and Misses Tobitha and Amanda Bradshaw, and one son, J. A. Bradshaw of Wacahoota. She leaves quite a number of grandchildren.

The funeral was held at Forest Grove church Tuesday, Rev. E. B. Clark conducting the ceremonies.

To the bereaved relatives The Sun, with other friends, extends sympathy.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

A SERIOUS ACCIDENT.

Horse Ran Away With Archer Lady, Resulting in Most Painful Injury.

Information has been received in this city to the effect that a day or two recently there was a serious runaway at Archer, in which Mrs. Fry sustained painful injury.

The lady was driving in a spring wagon when the horse became frightened and made a sudden dash, Mrs. Fry in the meantime losing control of the lines. The horse ran the vehicle into the steps at J. K. Tuten's store, the occupant being thrown out and the wagon upturned upon her. She was picked up in an unconscious condition and taken to her home, where medical attention was summoned.

While the injuries are quite painful, the physician anticipates no serious results, which will be gratifying information.

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and $1. Sold by W. M. Johnson.

THE TURN OF LIFE

A Time When Women Are Susceptible to Many Dread Diseases—Intelligent Women Prepare for It. Two Relate their Experience.

The "change of life" is the most critical period of a woman's existence, and the anxiety felt by women as it draws near is not without reason.

Every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition, or she is predisposed to apoplexy, or congestion of any organ, the tendency is at this period likely to become active—and with a host of nervous irritations, make life a burden. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are all just so many calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried thousands of women safely through this crisis.

For special advice regarding this important period women are invited to write to Mrs. Pinkham at Lynn, Mass., and it will be furnished absolutely free of charge.

Read what Lydia E. Pinkham's Compound did for Mrs. Hyland and Mrs. Hinkle:

Dear Mrs. Pinkham:—

"I had been suffering with falling of the womb for years and was passing through the Change of Life. My womb was badly swollen; my stomach was sore; I had dizzy spells, sick headaches, and was very nervous.

"I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me and I have passed safely through the Change of Life, a well woman. I am recommending your medicine to all my friends."—Mrs. Annie E. G. Hyland, Chestertown, Md.

Another Woman's Case.

"During change of life words cannot express what I suffered. My physician said I had a cancerous condition of the womb. One day I read some of the testimonials of women who had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it and to write you for advice. Your medicine made me a well woman, and all my bad symptoms soon disappeared.

"I advise every woman at this period of life to take your medicine and write you for advice."—Mrs. Lizzie Hinkle, Salem, Ind.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Hyland and Mrs. Hinkle it will do for any woman at this time of life.

It has conquered pain, restored health, and prolonged life in cases that utterly baffled physicians.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

A NEW POSTMASTER.

Robinson and Chubb Worked With Success in Hildreth's Appointment.

There is going to be a new postmaster at Live Oak, one of the most progressive cities in Florida, and C. N. Hildreth, a deserving young man of that town, plucked the plum. This was brought about by the clever work and influence of Hon. W. G. Robinson, register, and Hon. H. S. Chubb, receiver of the United States land office in this city. These gentlemen are chairmen of the Republican State Central Committee and the committee of the Second Congressional District, who wield a great power in the Republican politics of Florida.

For some reason there has been great dissatisfaction in the postmastership at Live Oak, and a change was apparently desired. Mr. Hildreth, who is an excellent young man, full of energy, realized this fact and went to work with a determination, with the result that he secured the position. The appointment will no doubt be received with general satisfaction by the people of Live Oak, who, without regard to politics, endorsed Mr. Hildreth.

LITTLE CHILD BURNS TO DEATH.

Playing With Matches When Her Clothing Was Ignited.

Bainbridge, Ga., March 6.—Olive, the 3-year-old baby of Mr. and Mrs. Chas. L. Harrell, was burned to death here.

The little girl was playing with a box of matches when her clothing ignited, and before help could reach her the flames had burned her face and body frightfully.

The little one lingered in agony for several hours, dying about dusk this evening. Mrs. E. A. Harrell, the child's grandmother, was badly burned about the hand in attempting to put out the flames. She reached the little girl too late to save her. The accident occurred in the rear of Mr. Harrell's home.

Invaluable for Rheumatism.

POLITICAL ANNOUNCEMENTS.

For Marshal.

To the Voters of Gainesville:

I hereby announce myself as a candidate for re-election to the office of marshal, subject to the action of the citizens of Gainesville at the coming municipal election. I leave my case in their hands. If I have discharged my duty as marshal in the past, I ask their indulgence and their votes in future. If they do not think I have discharged my duty, then it rests with them. I will appreciate support, however, and promise as long as in the office to show partiality to no one. Respectfully, Chas. Pinkoson.

For Marshal.

To the Voters of Gainesville:

I hereby announce myself as a candidate for the office of marshal, subject to the action of the voters of Gainesville at the coming municipal election. Have always been a loyal Democrat, am always ready to render my aid and influence in support of right and justice, and if elected promise a fair and honest service, without fear or favor. Respectfully,

D. A. Robertson.

For Marshal.

I hereby announce myself a candidate for the office of Marshal of the City of Gainesville, and solicit the support of all the voters of said city at the coming election of city officers.

If elected, I promise to give to all the people a vigorous and impartial exercise of the duties pertaining to that office. Respectfully,

Richard A. Becker.

A magazine entitled "How to Make Money," has failed. The editor probably knows more about it now than he did when he started to show how.

It is a wise man who knows whether a woman is smiling on him or laughing at him. In either case he would be better off if she had snubbed him.

The younger Mr. Rockefeller, son of the Standard Oil king, is a Sunday school teacher, and it is said that his favorite text is, "Keep your lamps trimmed and burning."

In England the house of lords, once upon a time, was the whole push. Today it is the house of commons, and history often teaches by example and sometimes repeats itself.

Compulsory education in the District of Columbia became a law by the action of Congress this week. This is designed not so much for the education of children, though that is, of course, a consideration, but as the first step toward abolishing child labor.

Kansas has voted down the woman's suffrage law. Politics in Colorado didn't seem to have undergone the purification that the injection of the feminine vote promised, and Kansas being a near neighbor decided to defer the enfranchisement of women for awhile.

The Baltimore professor who thinks men are of little account after they have passed the age of forty years and should be chloroformed when they reach the age of 60, says nothing about the women, no doubt because he realizes that no woman ever gets 60 years old.

The Daily Capitol, published at Tallahassee, was four years old on Saturday, March 4, and is deserving of much credit for the persistent effort put forth to make the paper a success. It starts out on its fifth year with brighter prospects than ever, is a newsy sheet and The Sun extends congratulations.

The Cushmans have been one of the oldest families of Massachusetts, yet strange to say, not even a town in that State bears the name. So, Mrs. Anna Cushman, a wealthy widow, before her recent death bequeathed $10,000 to any city or town in the State that would change its name to Cushman, the first option being given to Bernardston, the native place of Lieut. Governor Cushman. In case no town in Massachusetts accepts the offer within five years, it will be open to the first town in the United States that accepts it.

The debts of nations given in The World Almanac exceeds $30,000,000,000. These do not nearly represent the cost of a century's wars, but only that portion of the cost that remains unpaid and a charge upon the people, continues The New York World. Only in a few cases, like Canada and New Zealand, does public debt represent other than war expenditure, and these sums are more than balanced by "left over" debts from the eighteenth century. The earth has 1,487,900,000 inhabitants, or 297,580,000 families. Its permanent load of war debt is $1,000 for every family.

GET BUSY.

The throngs of people that are coming to Florida this winter surpass anything ever before known in the history of the State. Every hotel and boarding house is filled to its capacity, and in many places where there has been numerous new hotels, boarding houses and cottages erected for this winter's traffic, they are now crowded to their utmost. The like has never been known, and the severe cold that has been experienced in the North this winter, will be the cause of more people coming here next winter. Out of the thousands who come many will be looking for the most healthy location, and Gainesville should now begin to make room for them, as there is no place in Florida that can back up her assertions in regard to a healthy location better than Gainesville, with the pure ozone and purest water in the State.

With a number of cottages for men of moderate means who come South for their health in winter, we should have five hundred more people for four months of each year. Many will also come here to live permanently, where they can enjoy good health.

The only objection many people have to locating in Florida for a permanent residence, is the delusion that it is so very hot in mid-summer. When they learn that the heat is not more oppressive here than in the North during the summer, they will be content to remain here.

The time is ripe now to let the people know what we have at Gainesville, and the only way to do that is with printers' ink. Get busy now.

GAME LAW.

The following extracts from the game law of Florida are published so that many who are not familiar with it may read and avoid making any mistakes regarding the killing or capturing of protected game:

"No person shall, within the State of Florida, kill or catch or have in his or her possession, living or dead, any wild bird, nor shall he purchase, offer or expose for sale any such wild bird after they have been killed or caught. No part of the plumage, skin or body protected by this section shall be sold or had in possession for sale. The following are considered as game birds: Swan, geese, brant, sea ducks, rails, coots, mud hens, plovers, surf birds, snipe, woodcock, sand piper, tattler, curlews, wild turkeys, grouse, prairie chicken, pheasants, partridges and quail, turtle doves, wild pigeons and robins."

The law provides a fine of $5 for each and every breach of the law and a further fine of $5 for each and every part of a bird found in the possession of any person.

Many of the birds enumerated above are allowed to be killed at certain seasons, but the robin is protected at all times. Lately the robbins have appeared in great numbers and the hunters have succeeded in killing many of these birds.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

CONSUMPTION

The first number of The True Democrat, published by John G. Collins at Tallahassee, made its appearance on Friday morning. It is well edited, neatly printed, and promises to be a "good, live paper, conducted for and by home people." The Sun wishes the publisher and his neatly gotten up five-column eight-page paper abundant success.

There is another revolution in Venezuela. Only the war editor can tell where one begins and the other leaves off.

Jack Sheppard as a Text.

Jack Sheppard had a great hold upon the imagination of the people of his time. The fact that 200,000 people witnessed his execution at Tyburn on Nov. 18, 1724, "upon the tree that bears twelve times a yeare" is some witness to his grim popularity. But one of the strangest tributes ever paid him was the sermon preached upon him in a London church.

"Oh, that ye were all like Jack Sheppard!" began the preacher, to the stupefaction of his congregation. He went on to draw a parallel between things of the flesh and those of the soul and to point out that the genius shown in housebreaking might have been bestowed upon "picking the locks of the heart with the nail of repentance."

Age and Work.

Sir Walter Scott began to write his celebrated novels at forty. Milton began "Paradise Lost" at fifty. When "East Lynne" appeared its author, Mrs. Henry Wood, was forty-five. Cromwell was forty-one when he began his public career. The year of the hegira was the fifty-third of Mohammed, and Marlborough reached his independent command at the same age. In spiritual examples Abraham was seventy-five when called of Charan, and Moses was eighty when he stood before Pharaoh as the champion of Israel.

The Baboon's Nine Lives.

When baboons once take to a meal's field they will not leave it till they have eaten every cob. When they depart every evening for home they have filled their stomachs, their cheek pouches and their arms! You cannot poison these pests, for fifteen grains of pure strychnine in a banana has failed to kill one. Only shooting with a rifle will do, and no human army was ever cleverer in setting sentries. Even at nighttime a large force of hunters has often been defied in its attempts to surround the rocky stronghold of Cynocephalus porcarius. Even dogs sent against the baboons fall before creatures which have hands with which to seize their enemies before biting them. Let the stay at home farmer congratulate himself on possessing merely rooks, pigeons, rats and sparrows!—Country Gentleman.

COUNTY TEACHERS TO HAVE INSTITUTE

Will Open in Gainesville Thursday and Continue Three Days.

FINE PROGRAM IS ARRANGED

A Number of the Most Competent Teachers in the State, Employed in Alachua County Schools, Have Been Placed on the Program.

With a desire to promote as far as possible the interests of the teachers, likewise the schools, of Alachua county, County Superintendent J. L. Kelley has decided to hold a three-days' institute, beginning in the auditorium of the Gainesville Graded and High School at 8 o'clock Thursday evening, the 9th inst., and continuing until the following Saturday morning.

Dr. Kelley has exercised every precaution to select for participants in the program some of the best talent to be found in the profession in the State. The subjects selected are also appropriate, and will prove of deep interest, as well as instructive.

The Superintendent stated in speaking of this institute that he expected every teacher in the county to be present and reap the benefit of the same. He anticipates a large crowd of those who shape the destinies of the young, and it is to be hoped that his anticipation will be rewarded.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

OFFENSIVE CATARRH

I suffered for a long time with a bad case of Catarrh, and took a great deal of medicine without any benefit.

I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disgusting odor, and I coughed incessantly

I heard of your S. S. S. and wrote you. I commenced to use it, and after taking several bottles I was cured and have never since had the slightest symptom of the disease. MISS MARY L. STORM.
Cor. 7th & Felix Sts., St. Joseph, Mo.

Wheeling, W. Va., May 29, 1903.

I had Nasal Catarrh for years for which I used S. S. S. with very gratifying results. I tried local applications for some time, and getting no permanent relief I came to the conclusion that the seat of the trouble was in the blood. Knowing S. S. S. to be a good blood medicine I began its use, and after using it for some little while it did away entirely with the offensive mucus in the nostrils, and I did not have to hawk and spit, especially in the morning, to dislodge the catarrhal matter.
1627 South St. FRED H. PRESSY.

The filthy secretions and foul mucus that are continually dropping back into the throat, find their way into the stomach and are absorbed into the blood. Catarrh then becomes constitutional, and the only way to get rid of it is through the blood. Write us if you have Catarrh, and our physicians will advise you without charge.

MR. FRENCH'S LIFE.

Autobiography of Good Man, Recently Deceased, Well Known Here.

The Sub-Peninsula Sun, St. Petersburg, publishes the biography of Mr. M. B. French, recently deceased. Inasmuch as Mr. French resided in Gainesville nearly twenty years and had many friends throughout this section who will be interested, The Sun publishes in part this article, as follows:

"M. B. French was born in Durhamville, N. Y., July 8th, 1826, and in 1847 went with his parents to Madison, in what was then the Territory of Wisconsin. He was essentially a self-made man and for thirty-eight years was extensively engaged in the real estate business. He saw the town of Madison grow from a small village until it became the capital of the State, and in that time accumulated considerable property, and at the time of his death owned valuable real estate in Wisconsin and Florida.

"He was married in Madison, Oct. 19, 1853, to Elizabeth Page, who survives him, their married life extending happily through a period of more than fifty years. They had no children, but an adopted daughter, Mrs. E. W. Hawley, who died in 1900.

"Twenty years ago the doctors in his home State told Mr. French that he had a hopeless case of consumption. He removed with his wife to Gainesville, Florida, and about three years ago came to this place and built his home.

"Mr. French was an earnest member of the Methodist church and gave liberally to charity. He was an enthusiastic Odd Fellow and with his friend David H. Wright had installed more lodges than any other man in the State of Wisconsin."

Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from anaemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50 cents. Sold by W. M. Johnson.

Large Fish Shipments.

The Gainesville Fish Company, of which John L. Chesser is manager, has enjoyed a remarkable success recently in the matter of shipments. The firm is operating on Alachua Lake, and is catching a large quantity of the finest members of the finny tribe, which are shipped to all points and are realizing nice prices. There has been shipped by the Gainesville Fish Company within the past two days no less than twenty barrels of fine fish, and this alone gives employment to a number of men. The fish industry in this section is apparently small, but it is one of the great industrial feeders, as a great many men are employed in the business.

ELLIS DIED FROM SERIOUS INJURY

Another Death Resulted From Explosion at Jacksonville.

ONE MAN INSTANTLY KILLED

Two More Employes of Electric Light Company Seriously Injured, and May Die—A Most Horrible Accident Causing Much Trouble.

The Metropolis of the 6th inst., in speaking of the fatal boiler explosion at the plant of the Jacksonville Electric Light Company, states that Fred W. Ellis, chief engineer, who was frightfully burned and suffered a fracture of the skull, died at St. Luke's Hospital Monday morning.

John W. Davis, a colored fireman, was instantly killed, while John Edward Dunn and Lewis Carroll, both engineers visiting the plant, were horribly burned and otherwise injured.

A Safe Cough Medicine for Children.

In buying a cough medicine for children never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. It is especially valuable for colds, croup and whooping cough. For sale by all druggists.

LOST IN THE AIR.

Birds at Times Get Confused and Lose Their Bearings.

Boys are frequently lost in the woods, and it is a singular fact that birds are sometimes lost in the air. This might seem strange to almost any one, but the average man is a superficial observer of little things.

In the far north, and particularly along the ocean coasts, birds are frequently storm driven and lose their bearings, so that many of them are lost at sea. They keep floating in the air, aimlessly striving to live until exhaustion compels them to drop into the angry waves, which engulf them.

There is a well authenticated case on record of an ocean liner bringing into New York on a winter's day a large white owl which had dropped to one of the forward spars in an exhausted condition more than 800 miles off the coast of Newfoundland. It was nearly dead from cold and hunger and almost too weak to eat anything. It had become much emaciated and trembled in its distress when it tried to swallow the first morsel of meat which was placed within its beak. The captain and sailors were all interested in it, and under their nourishing care it slowly recovered and became entirely well and healthy and strong. It willingly remained with the ship afterward.

It was evidently a land bird which had been blown off from the coast of Newfoundland by strong west winds, had become lost, merely drifted before the gales, kept out of the water, almost starved to death and made its last intelligent effort to reach the ship and there fell in exhaustion and collapse.

Old sailors narrate many other instances of finding birds that have been lost in the air.—St. Louis Republic.

Pain in the Head

Is a danger signal, warning you that the brain nerves are exhausted—irritated, and are undergoing an unnatural strain.

Frequent and prolonged attacks of pain weaken the generative power of the nerve cells of the brain, and lead to loss of memory, melancholy, spasms, epilepsy, and frequently insanity.

When the brain nerves are weakened they are unable to supply sufficient nerve force to the nerves that control the lungs, heart, stomach and other organs, and these organs are thus robbed of energy, and unable to meet the demands upon them, and they get sick.

Stop the head pains with Dr. Miles' Anti-Pain Pills, and the influence upon your general health will be greater than you can realize.

"I want to tell you how thankful I am for Dr. Miles' Anti-Pain Pills. From a child I have been subject to sick headache, and never found any lasting relief until I received a sample of Dr. Miles' Anti-Pain Pills while in Geneva six years ago. By taking one it usually throws off my pain, so I can go about my home duties."
MRS. ALMA GATES,
R. F. D., No. 4, Geneva, Ohio.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

NEWS TERSELY TOLD.

John Hoch, multi-bigamist, of Chicago, has been indicted by the grand jury for murder.

A train on the Erie railroad ran into a trolley car that had broken down on the railroad track at Potterdam, N. Y., today. There were no passengers on the trolley car and no one was hurt.

A telegram to the newspaper standard announces that the antarctic ship Le Francis, with the entire Charcoot expedition, has arrived at Puerto Madrin, Argentina. There is no official confirmation of the news.

The Idaho senate has unanimously adopted a resolution indorsing the steps taken by congress to enlarge the powers of the interstate commerce commission in accordance with the idea of President Roosevelt.

James Moran, of Superior, was killed and three Duluth men sustained injuries of a minor character today in the collapse of a section of an extension to the Duluth, Mesaba and Northern ore dock at Duluth, Minn.

Japanese embarked in fishing boats made four attempts to sink the British steamer Carlisle last night, according to a report current in Manila, but were repulsed by the customs guards on board the vessels, who fired upon the sampans.

Messrs. Gaynor and Greene were arrested in Quebec today for the purpose of taking them to Montreal to complete extradition proceedings. They are wanted by the United States authorities in connection with the Savannah river contract.

Rear Admiral Stirling will be succeeded in command of the Asiatic fleet by Rear Admiral W. M. Folger on March 23. Admiral Stirling will sail from Manila for Hong Kong on March 15 on board the battleship Wisconsin, accompanied by the Oregon, and a torpedo boat flotilla. He will return home.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Poison Found in Stanford Home.

San Francisco, March 6.—The Call says this morning that during a search of Mrs. Stanford's residence on Nob Hill by detectives yesterday a bottle claiming to be strychnine was found. This, it is believed, brings the perpetration of the murder close home.

The Best Cough Syrup.

S. L. Apple, Ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, $1. Sold by W. M. Johnson.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Dancing Birds.

Sailors visiting the island of Laysan, in the Hawaiian group, are greatly amused by the curious antics of the Laysan albatross, or gony. These birds sometimes perform in pairs a kind of dance, or, as the sailors call it, "cake-walk." Two albatrosses approach each other, nodding and making profound bows, cross their bills, produce snapping and groaning sounds, rise on their toes, puff out their breasts and finally part with more nodding and bowing, only to come together again and repeat the performance. Occasionally three engage at once in this singular amusement.

An effort is being made to establish a hospital in Ocala. The Marion County Hospital Association has been formed with that object in view.

The new road between Daytona and New Smyrna has been completed, with the exception of the bridge across Murray's Creek and the bridge approaches.

The board of trustees of the Presbyterian college at Eustis has elected Prof. Herman A. Goff of Meryville College, Tenn., president of the Eustis institution.

The school for the blind, deaf and dumb at St. Augustine is receiving much attention from the State press. A worthy object, and the Legislature should give it attention.

Escambia county is fortunate in having secured a number of German farmers who are already engaged in planting their crops and getting things in shape on their new purchase. The Germans are a thrifty and frugal people.

It is almost as much as a man's peace of mind is worth to talk "good roads" where a Hillsborough county citizen can hear him. That county spent $400,000 recently for good roads. According to the Tampa newspapers the money was used, but the good roads are non est, of words to that effect.

The cultivation of strawberries at Castleberry is being done by the agricultural department of the L. & N., and the experiment, began only a short time ago, has turned out wonderfully. Similar experiments are to be made at Century by the company soon and other nearby settlements along the line of the road in Escambia county.

Mystery Surrounds Woman's Death.

Chicago, March 6.—Mystery surrounds the identity of a woman whose body has been found floating in a lake at the foot of Fifty-ninth street. Her clothing was of exceptionally good material, and she was evidently a person of refinement. The woman was about 50 years old and dressed in a blue suit and fox skin furs. A gold watch and three rings were found in a pocket and on the wedding ring was discovered the only clew to the woman's identity—the inscription "L. W. H. to "C. M. W., May 17, 1875."

May Increase Wages.

New York, March 6.—A high official of the United States steel corporation said today that a general increase of wages of the employes of that company is under consideration. The average amount of the increase has not been determined, but it is practically certain that a very large majority of the employes of the corporation will be benefited by the proposed readjustment of the wage scale. No official announcement is expected before April 1, when the new schedule will probably become operative.

Prisoners Are Afraid of Being Killed.

Winchester, Ky., March 6.— A special officers from Jackson today filed an order on Jailer Boone, signed by Circuit Judge Riddell, of Breathitt county demanding possession of Mose Feltner and Sam Fields, who are prisoners here. Waiting on the order of Circuit Judge Benton, of this district, the jailer refused. Feltner is under bond for a murder, and Fields is wanted as a witness. The prisoners say they are afraid they will be killed if taken to Jackson.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost if you do not get help from Dr. King's New Discovery for Consumption. J. W. McKinnon of Talladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better, when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for bronchitis, coughs and colds. Guaranteed, at all drug stores. Price, 50c and $1. Trial bottle free.

Indicted for Shortage.

Lafayette, Ga., March 6.—The grand jury has returned a true bill against J. E. Blosser for embezzlement of between $1,100 and $1,200 school funds. Rosser has employed counsel and will fight the case. He claims that he can account for the shortage. The special committee appointed at the last term of court gave Rosser a week to explain matters, but on his failure to do so, he was reported short.

Railroad Sells for $1,000,000.

Portland, Ore., March 6.—The Oregonian today says: "The Columbia and Northern railway has been sold for approximately $1,000,000, presumably to eastern capitalists, though in reality, it is thought, to the Northern Pacific Railway company, and in a few days the formal transfer of the stocks and property of the company will be made from the old owners to the recent purchasers.

have men tried so vast and formidable an experiment as that of administering the affairs of a continent under the forms of a democratic republic. The conditions which have told for our marvelous material well-being, which have developed to a very high degree our energy, self-reliance and individual initiative, also have brought the care and anxiety inseparable from the accumulation of great wealth in industrial centers. Upon the success of our experiment much depends, not only as regards our welfare, but as regards the welfare of mankind. If we fail, the cause of free self-government throughout the world will rock to its foundations; and, therefore, our responsibility is heavy, to ourselves, to the world as it is today, and to the generations yet unborn. There is no good reason why we should fear the future, but there is every reason why we should face it seriously, neither hiding from ourselves the gravity of the problems before us nor fearing to approach these problems with the unbending, unflinching purpose to solve them aright.

Yet, after all, though the problems are new, though the tasks set before us differ from the tasks set before our fathers who founded and preserved this republic, the spirit in which these tasks must be undertaken and these problems faced, if our duty is to be well done, remains essentially unchanged. We know that self-government is difficult. We know that no people needs such high traits of character as that people which seeks to govern its affairs aright through the freely expressed will of the free men who compose it. But we have faith that we shall not prove false to the memories of the men of the mighty past. They did their work, they left us the splendid heritage we now enjoy. We, in our turn, have an assumed confidence that we shall be able to leave this heritage unwasted and enlarged to our children and our children's children.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by all druggists.

Killed With a Hatchet.

Atlanta, March 6.—Not two blocks from the police station Robert Wigner, keeper of a shooting gallery, was foully murdered at an early hour Friday morning. His death remained undiscovered until 6 o'clock in the afternoon, when one of his acquaintances, after unsuccessfully trying to get the front door, went around to the back door, entered and found Wigner dead. Charged with the murder, J. A. Harrison, a carpenter, and Cora Felter, both white, are locked up at police station. These two parties were arrested on a city charge and had not been discharged when the murder was discovered.

Banker Dies in New Orleans.

New Orleans, March 6.—F. F. Palms, a banker and capitalist of Detroit, Mich., died here today at the residence of his brother-in-law, S. V. Martin. Mr. Palms has usually spent the the winters here. He reached New Orleans in January, and was attacked with grip, which developed into pneumonia. He was 67 years old and was born in New Orleans. He served in the confederate army, and after the war went to Detroit, where he was very successful in business. Members of the family came here to be present at his bedside.

Incredible Brutality.

It would have been incredible brutality if Charles F. Lemberger of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and sores too. Only 25c at all drug stores.

Miss Eva Fildes, one of Alachua county's efficient teachers, who has been engaged at Grove Park school, having closed that school after a very successful term, is now teaching the Brown school, near High Springs, which has just been opened with fair prospects of a good attendance. Miss Fildes made herself quite popular among the patrons and pupils of Grove Park school, and no doubt will be petitioned to return there next term.

Work on the new streets, three blocks of which it has been agreed by Government Inspectors W. L. Spoon and G. H. Dodge to assist the city in constructing of flint rock, has begun, the first ground being broken on East Main street Monday. An immense plow, to which four horses are attached, is employed in breaking up the Alachua rock which has been used for a pavement, and turning it over, and after the thoroughfare is properly graded, a thickness of about eight inches of flint in the center and five inches on either side will be laid and properly packed.

Mrs. N. D. Phillips tendered a delightful party to the young friends of Master Phillip and Miss Mary Ammons, her grandchildren, at her elegant home on East Main street, N., Saturday afternoon, and those who attended were delighted. The little folks enjoyed themselves to the fullest extent, and relished the delicious refreshments which were served during the afternoon. The affair was given as a parting function to the Ammons children, who expect soon to make their departure for their new home in Atlanta, and Mrs. Phillips desired to give all their young friends an opportunity to tell them good-bye.

READ THIS.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

IN THE CIRCUIT COURT.

First Day of the Third Week Void of Interest—Jury Not Complete.

The first day of the third week of the circuit court for Alachua county was called to order at 9 o'clock Monday morning. The day's session was void of particular interest, the grand jury having adjourned and the day being occupied in the trial of a civil case, that of Isham Thomas vs. the Seaboard Air Line. The jury brought in a verdict in favor of the plaintiff in the sum of $50.

The panel of the jury was not completed during the day, only nine having been secured. There was issued by Clerk Wienges on Friday evening, however, a special venire of forty names, same to be returnable this morning, and no trouble is anticipated in filling in the remainder of the panel.

Court adjourned until 9 o'clock Tuesday morning, when it is believed the case of the State vs. Fletcher Watson, charged with murder, will be taken up.

DEATH OF MISS YOUNG.

Excellent Young Lady Passed Away Sunday After Continued Illness.

A gloom was cast over the city Monday morning by the announcement of the death of Miss Winnie Adeen Young, which sad event occurred at the home of her grandmother, Mrs. A. M. Dennis, Sunday evening about 9 o'clock, after an illness of about five months with lung trouble.

Deceased was in her twentieth year, and has been residing with her grandmother ever since a child, her mother having passed away when she was an infant. She was a young lady of a most amiable, affectionate disposition, and numbered her friends by the hundred, both young and old. About five months ago, then the perfect picture of health, she contracted the dread disease which wrought great changes. A few weeks ago she went to South Carolina, with the hope that the change of atmosphere would prove beneficial, but it was apparently too late, as about a week ago she returned to her home and loved ones, where she lingered between life and death until Sunday. She was surrounded at the time of her demise by loving friends and relatives who had done everthing possible for her comfort. She is survived by her grandmother, three uncles, D. C., Frank and Ralph Dennis, and an aunt, Miss Hattie Dennis, to whom the sympathy of The Sun, together with other friends, is extended.

Deceased being a member of the Episcopal church, the funeral will be held from Holy Trinity Church at 10 o'clock this morning, Rev. Francis H. Craighill officiating. Friends of the family are invited.

The pallbearers selected are McK. F. McCook, Oscar Morris, A. H. Blanding, E. Lee Hughes, J. Manning and J. W. Blanding. These gentlemen are requested to meet at the home of Mrs. Dennis at 9 o'clock this morning.

A New Firm.

The Eureka Wine and Liquor Company of 135 West Bay street, Jacksonville, a new but thoroughly reliable establishment, have something of importance to say in the advertising columns of The Sun today. A portion of their price list appears in the ad. referred to. A more complete list will be sent on application and it will be found that for quality of goods these prices can't be beat. There are some unique and special offers made to consumers that are worth investigating.

Our contract with persons to whom advances are made to assist them in growing crops is iron-clad. Just the thing for merchants who advance to croppers. $2 for 50; $3 per hundred, cash with order. Not less than 50 sold. The Sun, Gainesville, Fla. daw
